ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

The Rev. W. F. Basten has resigned as pastor of the Baptist church at Passumpsic.

Six hens belonging to "Pete" Watt, of Vergennes, during the month of April laid 126 eggs.

A temple of Rathbone Sisters, an auxiliary to the Knights of Pythias, was instituted in Lyndonville recently with thirty-eight charter members.

Fifty Italians arrived in Bethel recently to work on the Bethel Granite railway. Several returned to Boston the next morning because they were not satisfied with their sleeping quarters. Very few of them are able to speak a word of English.

Percy Ennis of Burlington went Friday night to Brunswick, Me., where he will join the Rockwell Dramatic company, who are touring that state in "Sunny South." Mr. Ennis will put on a musical specialty with the mandolin and will also play in the band.

The case of the Town of Jericho vs. the Town of Norwich has been entered in the Chittenden county clerk's office. This action is brought to recover \$150 for the care of Frank L. Ackerson and family, who it is claimed are residents of Norwich. The case is returnable at the September term of court.

In one of our intermediate schools of Burlington one day last week, a class had been receiving instruction in Roman history. The teacher asked, among other questions who killed Caesar. The answer promptly came from a little girl, "Brutus." A little boy excitedly jumped up and said: "No Brutus didn't kill Caesar. Nan Patterson killed him."

Mrs. C. H. Cady, of Woodstock, has a remarkable petunia plant. Last October she selected the slip from a bouquet which was given her, and put it in a pot. It began blossoming when two months old, and since last January has borne continuously from twenty to seventy-five blossoms, many of which measure two and three inches across.

Luella, eldest daughter of Mr. and Mrs. George Bliss, died at the home of her parents at Town Hill in East Montpelier, Thursday evening of consumption. Deceased was 16 years of age and was a freshman in the Montpelier high school. The funeral will be held from her late home on Sunday afternoon at one o'clock, the Rev. Lucius Reed officiating and burial will be in the Cutler cemetery.

Alexander Pinch, a Russian who was brought to the Fanny Allen hospital in Winoski suffering from serious injuries received while blasting at Lyon Mountain, N. Y., died Friday morning. The man was at work in a mine when he was terribly bruised from a premature blast. He was injured about the head, face, arms, hands and back. The remains were sent Friday by boat to Plattsburg for interment.

Many Bennington farmers say they are disgusted at the low price of potatoes, and that it does not pay to raise them at the present figures. The indications are that the average this season will be much less than in several preceding years. Farmers are freely offering potatoes at forty cents a bushel, though fifty cents is the ruling price at the stores. The stocks of potatoes in Bennington and vicinity are large, many farmers refusing to sell them last fall when prices were a little better than at present.

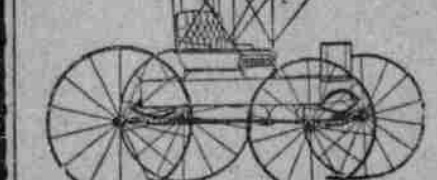

While at work in the Newport pulp mill at West Derby Wednesday afternoon, William Reed was caught between a pulley and a belt. He was bending over and his shoulders were drawn into the vise-like grip. The workmen were apprised of his danger by a scream. The machinery was stopped as soon as possible and he was taken from his position unconscious. It was found that several ribs were broken and the machinery was stopped just in time to prevent his head being crushed. Slight hopes are entertained for his recovery.

ANOTHER WONDER OF SCIENCE.

Ritology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. In stamps for sample to The Herpicide Co., Detroit, Mich.

conveying for the sum of three pounds, a parcel of land situated in Rupert, containing fifty acres, it being the sixth division of undivided land on the original "Minister's Right." It is dated October 7, 1791.

Mrs. Charles Hooker, who lives in the east part of Middlebury, was severely bitten by their dog Thursday afternoon. Mrs. Hooker went to a trap that her boys had set in a near-by meadow and was accompanied by the dog. On their arrival there the dog sprang at her and severely bit both her wrists. She got the dog by the collar and cried for help. John Lucia, who happened to be near by, heard the cry, went to the scene, promptly killed the dog and assisted Mrs. Hooker to the house. Medical aid was promptly summoned. She is doing as well as could be expected. She is in a very nervous condition, owing to the fright. It is supposed that the dog must have gone mad as it has always been a great pet of the family.

A man apparently sixty years of age was discovered beside the railway track Tuesday morning one-fourth of a mile west of South Royalton, evidently having fallen from a train some time during the night. His dress and appearance indicated that he was a tramp stealing a ride. When found he was unconscious. He was taken to the poor farm and a physician called who found him badly bruised about the head, and with a broken arm. He soon after rallied, became conscious and gave his name as "Mike" Cashman, but could not give any account of the accident or the time it occurred. When found he lay face down, and must have laid there during the rain in the night, as his clothes were soaked full of water. He had a workman's fraternal badge.

At a stated meeting of the board of overseers of Harvard college, held in Boston recently, Henry Augustus Torrey, Ph. D., received an appointment as assistant professor of chemistry for five years from September 1, 1905. Professor Torrey is a son of the late Prof. H. A. P. Torrey, for many years a member of the faculty of the University of Vermont, Burlington. He was graduated from the University of Vermont in the class of 1893, subsequently pursuing work in Harvard from which institution he received the doctorate in philosophy in 1897. Professor Torrey then passed a year abroad in the Universities of Leipzig and Berlin and upon his return was for five years assistant professor of chemistry in his alma mater, relinquishing that work to accept a position as instructor on the Harvard faculty.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long you feel as if nothing but dynamite would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her, so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep and finally cured her. Strictly scientific cure for bronchitis and la grippe. At the Red Cross Pharmacy. Prices, 50c and \$1.00. Trial bottle free."
